The Art of REIKI

Reiki is an ancient method of channeling energy through the hands to activate the natural healing process of the body. Discover deep relaxation and inner peace with each session designed to suit your specific needs.

Reiki, A gentle, non-invasive healing energy, has the capability of relieving pain, healing the body and reducing emotional trauma. THREADING

Eyebrow threading has become a very popular trend in the west. Unfortunately, there are not many salons or specialists available that practice this art.

Fortunately Eyes by Aqsa can solve this dilemma. This is an art you have to try to believe. There are not many shops in the Indianapolis Metro area so come see Eyes by Aqsa™ in Ansatz Hair Salon. Stop by today and let us take care of your threading needs.

Threading is an ancient method of hair removal that is still used in parts of the Middle and Far East. Thin, twisted cotton threads are rolled over untidy hairlines, mustaches and so on, plucking the offending hair. Like other methods of hair removal such as plucking or waxing, threading does not result in skin irritation and ingrown hairs.

We welcome it to Zionsville!
